

KANSAS

Current Condition of Transportation:

- 34% of KS's major roads are in poor condition¹
 - ASCE grade of C+ ²
 - Costs each Kansas motorist \$573 a year in extra maintenance ³
 - A total of 1,958 lives were lost on KS's highways from 2009 to 2013⁴
- Vehicle travel on KS's highways increased 32% from 1990-2013⁵ while the state population grew by 16% in that time⁶
- 18% of KS's major highways are congested. ⁷
 - Congestion in America costs motorists \$121b annually in wasted fuel

Commerce:

- Each year, 71% of the \$149b in goods shipped within KS travel by truck across the state's vast highway infrastructure⁸

Need for Federal Investment:

- 49% federal share of Kansas Highway Capital Program⁹
- National Interstate Backlog of \$185.24b on 47,575 miles of interstate.¹⁰
 - National Highway System (NHS) backlog of \$424.5b on 227,224 miles of the NHS.

DRIVE Act → *What this does for Kansas*

Prioritize bridge reconstruction and safety:

- Increased bridge set aside funding for:
 - KS's 2,416 structurally deficient bridges - 17% of Kansas's bridges are rated as structurally deficient or functionally obsolete¹¹
 - Current ASCE bridge grade of D+ ¹²

Improves Commerce:

- FY 16 Dedicated funding for freight program: \$19,199,409
- Prioritizes federal spending on the interstate for projects in the national economic interest

¹² ASCE

Long-Term 6-Year Certainty:

- Total FY16 share: \$391,577,992
- Critical Projects:
 - a. Interchange of I-235 and Kellogg in Wichita: expansion estimated to cost \$116m
 - b. East Kellogg at the Kansas Turnpike: construction needed to upgrade the existing infrastructure¹³

- Building off NEPA reforms accomplished in MAP-21, DRIVE is cutting red tape and accelerating project delivery to increase KS's ability to efficiently finish projects.
- DRIVE delivers 6 years of certainty. 12 short term extensions since SAFETEA-LU have impeded on KS's ability to properly plan and budget for transportation projects.
- DRIVE gives KS the ability to prepare for the next 50 years. With a focus on innovation, KS can better deploy technology to improve the state transportation network.
