3 **SEC. 101. FINDINGS AND DECLARATIONS.**

4 Section 2 of the Public Works and Economic Devel-
5 opment Act of 1965 (42 U.S.C. 3121) is amended to read
6 as follows:

7 **“SEC. 2. FINDINGS AND DECLARATIONS.**

8 “(a) FINDINGS.—Congress finds that—

9 “(1) there continue to be areas of the United
10 States—

11 “(A) experiencing chronic high unemploy-
12 ment, underemployment, outmigration, and low
13 per capita incomes; and

14 “(B) facing sudden and severe economic
15 dislocations because of structural economic
16 changes, changing trade patterns, certain Fed-
17 eral actions (including environmental require-
18 ments that result in the removal of economic
19 activities from a locality), impacts from natural
20 disasters, and transitioning industries, including
21 energy generation, steel production, and min-
22 ing;

23 “(2) economic growth in the States, cities, and
24 rural areas of the United States is produced by ex-
25 panding economic opportunities, expanding free en-

1 terprise through trade, promoting resilience in public
2 infrastructure, creating conditions for job creation,
3 job retention, and business development, and by cap-
4 turing the opportunities to lead the industries of the
5 future, including advanced technologies, clean energy
6 production, and advanced manufacturing tech-
7 nologies;

8 “(3) the goal of Federal economic development
9 programs is to raise the standard of living for all
10 citizens and increase the wealth and overall rate of
11 growth of the economy by encouraging communities
12 to develop a more competitive and diversified eco-
13 nomic base by—

14 “(A) creating an environment that pro-
15 motes economic activity by improving and ex-
16 panding modern public infrastructure;

17 “(B) promoting job creation, retention,
18 and workforce readiness through increased in-
19 novation, productivity, and entrepreneurship;
20 and

21 “(C) empowering local and regional com-
22 munities experiencing chronic high unemploy-
23 ment, underemployment, low labor force partici-
24 pation, and low per capita income to develop

1 private sector business and attract increased
2 private sector capital investment;

3 “(4) while economic development is an inher-
4 ently local process, the Federal Government should
5 work in partnership with public and private State,
6 regional, Tribal, and local organizations to maximize
7 the impact of existing resources and enable regions,
8 communities, and citizens to participate more fully
9 in the American dream and national prosperity;

10 “(5) in order to avoid duplication of effort and
11 achieve meaningful, long-lasting results, Federal,
12 State, Tribal, and local economic development activi-
13 ties should have a clear focus, improved coordina-
14 tion, a comprehensive approach, and simplified and
15 consistent requirements;

16 “(6) Federal economic development efforts will
17 be more effective if the efforts are coordinated with,
18 and build on, the trade, workforce investment, sci-
19 entific research, environmental protection, transpor-
20 tation, and technology programs of the United
21 States, including through the consolidation and
22 alignment of plans and strategies to promote effec-
23 tive economic development;

24 “(7) rural communities face unique challenges
25 in addressing infrastructure needs, sometimes lack-

1 ing the necessary tax base for required upgrades,
2 and often encounter limited financing options and
3 capacity, which can impede new development and
4 long-term economic growth; and

5 “(8) assisting communities and regions in be-
6 coming more resilient to the effects of extreme
7 weather threats and events will promote economic
8 development and job creation.

9 “(b) DECLARATIONS.—In order to promote a strong,
10 growing, resilient, competitive, and secure economy
11 throughout the United States, the opportunity to pursue,
12 and be employed in, high-quality jobs with family-sus-
13 taining wages, and to live in communities that enable busi-
14 ness creation and wealth, Congress declares that—

15 “(1) assistance under this Act should be made
16 available to both rural- and urban-distressed com-
17 munities;

18 “(2) local communities should work in partner-
19 ship with neighboring communities, States, Indian
20 tribes, and the Federal Government to increase the
21 capacity of the local communities to develop and im-
22 plement comprehensive economic development strate-
23 gies to alleviate economic distress and enhance com-
24 petitiveness in the global economy;

1 “(3) whether suffering from long-term distress
2 or a sudden dislocation, distressed communities
3 should be encouraged to support entrepreneurship to
4 take advantage of the development opportunities af-
5 forded by technological innovation and expanding
6 newly opened global markets; and

7 “(4) assistance under this Act should be made
8 available to modernize and promote recycling, pro-
9 mote the productive reuse of abandoned industrial
10 facilities and the redevelopment of brownfields, and
11 invest in public assets that support travel and tour-
12 ism and outdoor recreation.”.
