Dear Senators Boxer and Inhofe:

Thank you for your letter dated April 25, 2007 regarding the Water Resources Development Act of 2007 (WRDA) and the Environment and Public Works Committee's desire to comply with the requirements of S. 1, the Legislative Transparency and Accountability Act of 2007, once enacted.

Concerning my requests for inclusion in WRDA, in my letters to the Committee on Environment and Public Works dated March 19, 2007 and April 16, 2007 (joint letter with Senator Bingaman), to the best of my knowledge as of the date of this letter, neither I nor my wife has a pecuniary interest in my requests. If these circumstances change, I will inform you as soon as practicable. Additionally, should the Ethics Committee provide further guidance to Members upon enactment of the earmark provision(s) contained in S. 1, I will provide supplemental certification, if necessary.

I look forward to working with you and your staffs to enact a bill that addresses the significant water resource needs that exist in New Mexico and the country as a whole.

Dear Madame Chairman:

Thank you for your letter of March 13, 2007, regarding the Committee's impending markup of the Water Resources Development Act of 2007.

As you know, S.728/H.R. 2864, as passed by the Senate last year contained only one Nevada item - an authorization limitation of \$5.775 million for the Lower Truckee River - McCarran Ranch. I appreciate that that provision was retained in the Committee's reported bill. However, there are also several other important Nevada matters that I would like to see addressed in any final Senate-passed bill, most of which fall under the broad category of environmental infrastructure. I have attached a list of those items for your consideration. Further, I would like to note that neither I nor my spouse has a pecuniary interest in any of the listed projects.

Thank you for your attention.

Sincerely,

Dear Chairman Boxer and Senator Inhofe:

Thank you for your leadership in developing and reporting a Water Resources Development Act (WRDA) of 2007 to the Senate. I appreciate the opportunity to provide information that will help avoid any disruption in the rapid completion of the water bill by complying with the requirements of S.1, the Legislative Transparency and Accountability Act of 2007.

Concerning my requests for the Water Resources Development Act of 2007, in my letter to the Committee on Environment and Public Works dated March 19, 2007, neither I nor my spouse has a pecuniary interest in any of the requests. This includes any and all projects in the WRDA bill that passed the Senate on July 19, 2006. Those projects include an authorization under Section 206 for Johnson Creek, Gresham, Oregon; the Lookout Point Project, Lowell, Oregon; the Upper Willamette River Watershed Ecosystem Restoration Project; the erosion control project in Sec. 3112 for the shoreline of Westport Beach, Clatsop County, Oregon, between river miles 43 and 45 of the Columbia River; and the request for retention of the language in Section 2020 to eliminate the restrictions on the use of the federal hopper dredges Essayons and Yaquina.
