11 (b) REPORT ON PROJECT LIFESPAN AND INDEM-  
12 NIFICATION CLAUSE IN PROJECT PARTNERSHIP AGREE-  
13 MENTS.—

14 (1) DEFINITIONS.—In this subsection:

15 (A) INDEMNIFICATION CLAUSE.—The term  
16 “indemnification clause” means the indem-  
17 nification clause required in project partnership  
18 agreements for water resources development  
19 projects under sections 101(e)(2) and  
20 103(j)(1)(A) of the Water Resources Develop-  
21 ment Act of 1986 (33 U.S.C. 2211(e)(2),  
22 2213(j)(1)(A)).

23 (B) OMRR&R.—The term “OMRR&R”,  
24 with respect to a water resources development

1 project, means operation, maintenance, repair,  
2 replacement, and rehabilitation.

3 (2) SENSE OF CONGRESS.—It is the sense of  
4 Congress that—

5 (A) there are significant concerns about  
6 whether—

7 (i) the indemnification clause, which  
8 was first applied in 1910 to flood control  
9 projects, should still be included in project  
10 partnership agreements prepared by the  
11 Corps of Engineers for water resources de-  
12 velopment projects; and

13 (ii) non-Federal interests for water re-  
14 sources development projects should be re-  
15 quired to assume full responsibility for  
16 OMRR&R of water resources development  
17 projects in perpetuity;

18 (B) non-Federal interests have reported  
19 that the indemnification clause and OMRR&R  
20 requirements are a barrier to entering into  
21 project partnership agreements with the Corps  
22 of Engineers;

23 (C) critical water resources development  
24 projects are being delayed by years, or not pur-

1 sued at all, due to the barriers described in sub-  
2 paragraph (B); and

3 (D) legal structures have changed since the  
4 indemnification clause was first applied and  
5 there may be more suitable tools available to  
6 address risk and liability issues.

7 (3) ANALYSIS.—Not later than 1 year after the  
8 date of enactment of this Act, the Comptroller Gen-  
9 eral shall conduct an analysis of the implications  
10 of—

11 (A) the indemnification clause; and

12 (B) the assumption of OMRR&R respon-  
13 sibilities by non-Federal interests in perpetuity  
14 for water resources development projects.

15 (4) INCLUSIONS.—The analysis under para-  
16 graph (3) shall include—

17 (A) a review of risk for the Federal Gov-  
18 ernment and non-Federal interests with respect  
19 to removing requirements for the indemnifica-  
20 tion clause;

21 (B) an assessment of whether the indem-  
22 nification clause is still necessary given the  
23 changes in engineering, legal structures, and  
24 water resources development projects since

1 1910, with a focus on the quantity and types of  
2 claims and takings over time;

3 (C) an identification of States with State  
4 laws that prohibit those States from entering  
5 into agreements that include an indemnification  
6 clause;

7 (D) a comparison to other Federal agen-  
8 cies with respect to how those agencies ap-  
9 proach indemnification and OMRR&R require-  
10 ments in projects, if applicable;

11 (E) a review of indemnification and  
12 OMRR&R requirements for projects that States  
13 require with respect to agreements with cities  
14 and localities, if applicable;

15 (F) an analysis of the useful lifespan of  
16 water resources development projects, including  
17 any variations in that lifespan for different  
18 types of water resources development projects  
19 and how changing weather patterns and in-  
20 creased extreme weather events impact that  
21 lifespan;

22 (G) a review of situations in which non-  
23 Federal interests have been unable to meet  
24 OMRR&R requirements; and

1 (H) a review of policy alternatives to  
2 OMRR&R requirements, such as allowing ex-  
3 tension, reevaluation, or deauthorization of  
4 water resources development projects.

5 (5) REPORT.—On completion of the analysis  
6 under paragraph (3), the Comptroller General shall  
7 submit to the Committee on Environment and Pub-  
8 lic Works of the Senate and the Committee on  
9 Transportation and Infrastructure of the House of  
10 Representatives a report that includes—

11 (A) the results of the analysis; and

4                   carries out the process for issuing a permit  
5                   under the section 408 program concu-  
6                   rently with the review required under the  
7                   National Environmental Policy Act of
