United States Senate
COMMITTEE ON ENVIRONMENT AND PUBLIC WORKS
WASHINGTON, DC 20510-6175

November 1, 2007

The President
The White House
1600 Pennsylvania Avenue, NW
Washington, DC

Dear Mr. President:

With this letter, I renew my request for a copy of each draft of the CDC Director's testimony sent to the Office of Management and Budget or other offices within the Executive Office of the President or other agencies. Please also provide any records reflecting comments on the draft testimony of any of those entities or officials within or affiliated with the Executive Office of the President or any of the White House Offices, or of any other agency, and the names and titles of the persons involved in the review. These documents were requested by the Committee no later than Monday, October 29, are past due, and should be delivered without further delay.

I am stunned that the White House is hiding behind 'separation of powers' and 'executive privilege' arguments to stop the American people from getting the truth about the serious public health impacts of global warming. If I do not receive the requested information in a timely fashion, I am preserving all options to obtain it.

If your staff has any questions, please contact Bettina Poirier, Staff Director for the Committee at 202-224-8832.

Sincerely,

Barbara Boxer
Chairman
