Mr. Lamar McKay
Chairman and President
BP America, Inc.
501 Westlake Park Boulevard
Houston, TX 77079

Dear Mr. McKay:

We're writing to reiterate our request that BP provide us with all video records of the Deepwater Horizon well and associated spill. We also believe that the public and the scientific communities should have access to these materials.

After our initial request, BP suggested the video was released under the authorization of the Unified Command. We have contacted the Unified Command and to date have not identified any restriction on BP's ability to release these records.

Therefore, we're asking again that you immediately make available all video records of the Deepwater Horizon wellhead and broken pipe for the purposes of Senate oversight.

Thank you for your cooperation with this request.

Sincerely,

Bill Nelson
Senator Bill Nelson
